Subject: RE: EPA Request for Information and Documents to Shell for Harbor Island Superfund Site

Dear Aselda,

EPA is amenable to the request by Shell for an additional extension of time. Shell may now have until August 31, 2020, to provide its response to EPA.

Thank you,

Richard

Subject: RE: EPA Request for Information and Documents to Shell for Harbor Island Superfund Site

Dear Richard,

I very much appreciate your speaking with me this morning about the timing of our response and related issues. As I mentioned, Shell has been diligently researching and preparing our response but would greatly appreciate an extension of time through the end of August to respond to EPA's request. Please let me know if that is acceptable to EPA, and also if I can provide additional information.

Many thanks,

Aselda

Subject: EPA Request for Information and Documents to Shell for Harbor Island Superfund Site

Think Secure. This email is from an external source.

Dear Aselda Thompson,

Thank you for contacting the United States Environmental Protection Agency (EPA) about the request for information and documents that the EPA issued to Shell Oil Company. The request pertains to the East Waterway Operable Unit of the Harbor Island Superfund Site and was issued by the EPA pursuant to the Comprehensive Environmental Response, Compensation and Liability Act.

Due to complications related to the COVID-19 pandemic, Shell Oil Company has asked that the EPA provide additional time to respond to the request. The EPA is cognizant of many of the difficulties created by current conditions resulting from the COVID-19 pandemic and is therefore willing to provide additional time to respond to the request for information and documents. Shell Oil Company now has until Friday, July 17, 2020 to provide a response.

All other aspects of the EPA request remain as stated therein.

Thank you,

Richard Mednick
